
Mari-san is bad at riding bikes! How cute...!

Oku Tamamusi

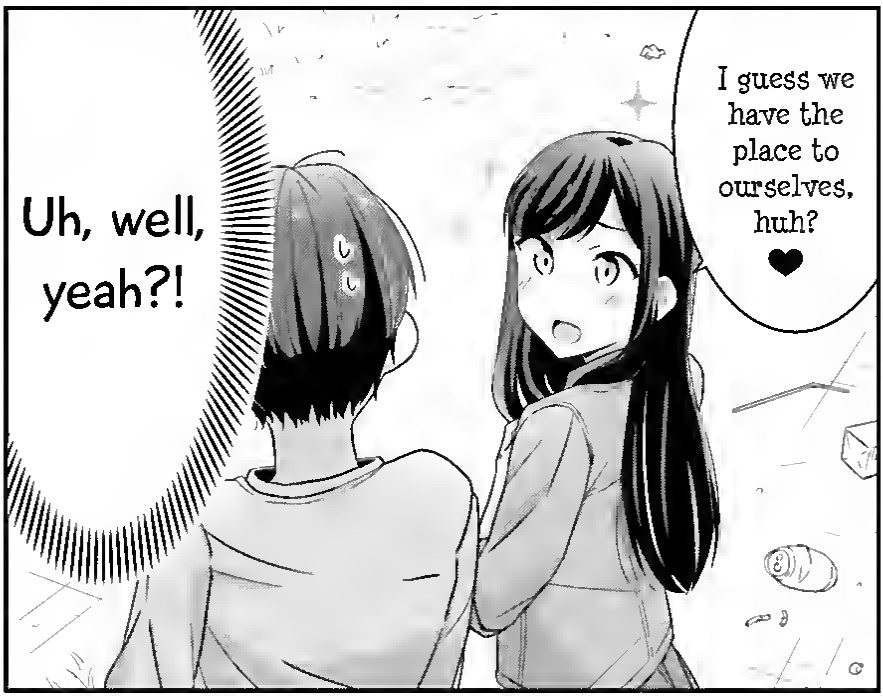
so I never really got much experience with cycling...
My family lived on a huge hill.

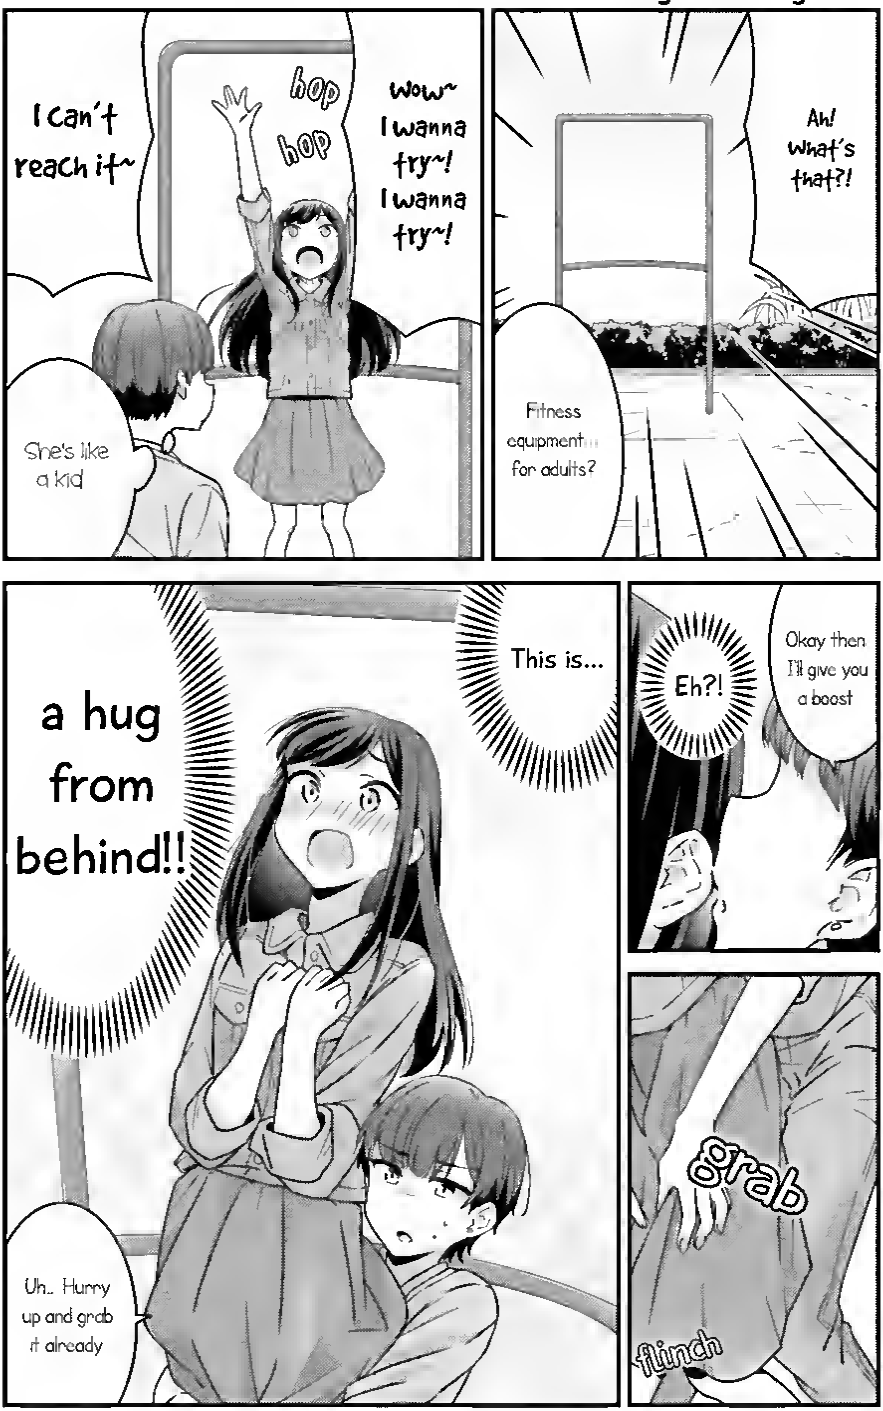
No.
I wouldn't have minded walking instead
Eh~? You should've said something~!

She's super happy!!
thump thump thump thump
You said that you wanted to go on a cycling date!
I thought that this would make you happy, so...
Ahhh!!
clang!

Arisa ▶
She lost her memories of dating Mari
Very positive

Mari ▶
Arisa's girlfriend
She was the bottom before Arisa lost her memories





I can't reach it~
hop hop
Wow~ I wanna try~! I wanna try~!
She's like a kid
Ah! What's that?!
Fitness equipment... for adults?
a hug from behind!!
This is...
Uh... Hurry up and grab it already
Eh?!
Okay then I'll give you a boost

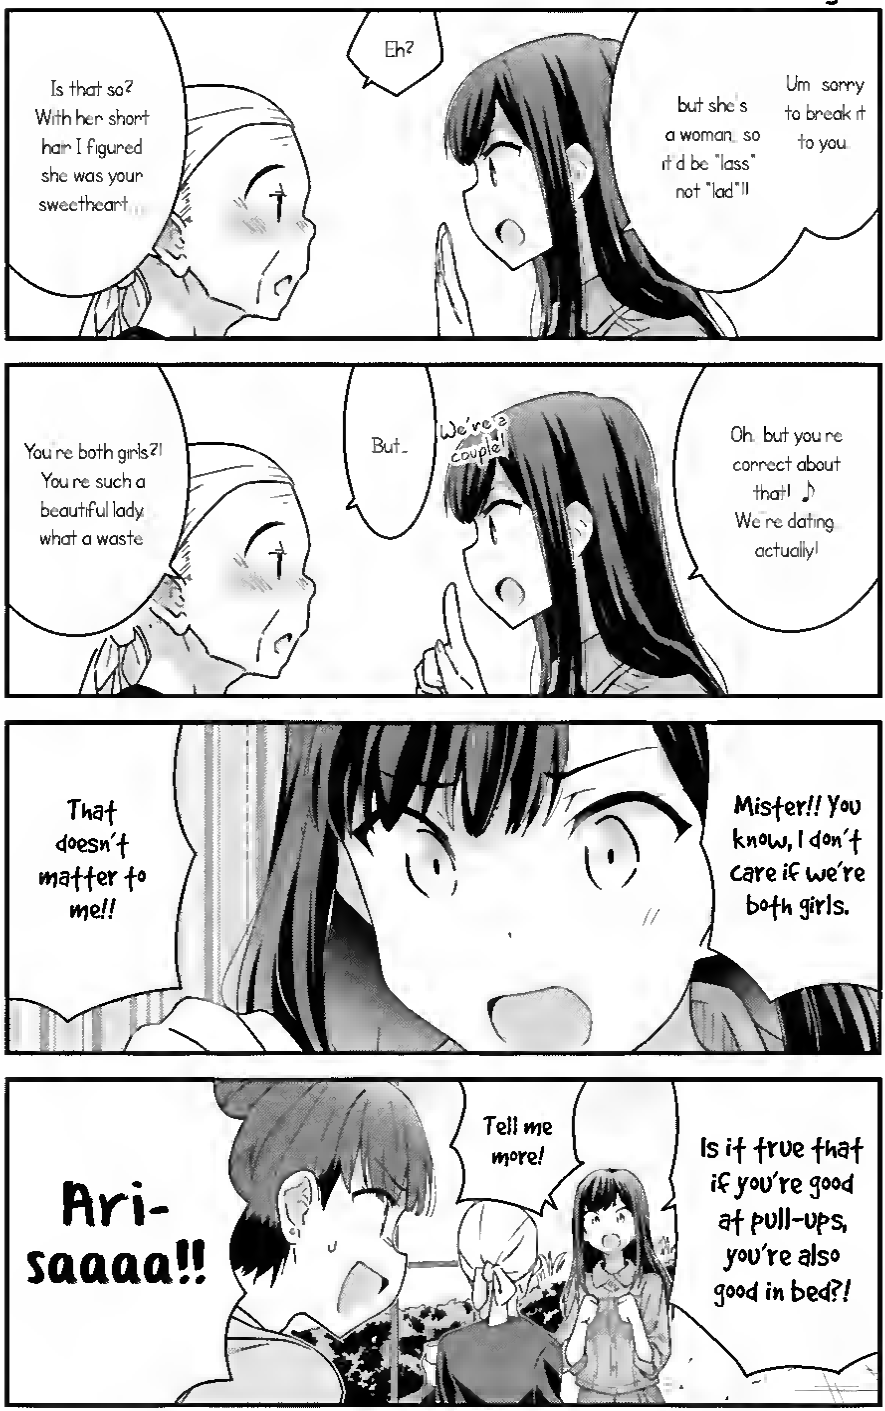
Amaz-ing!
Mari-san, you're so good at that!
I was able to do this just the other day...
Hm?
quiver
quiver
It's been three years since then, remember?
?
Whoa~ Quite a lot of up and down going on in the middle of the day~~
This old man!
I'm sure the lad on the high bar is even better at night, eh, missy?



Is that so? With her short hair I figured she was your sweetheart...
Eh?
but she's a woman, so it'd be "lass" not "lad"!!
Um, sorry to break it to you.
You're both girls?! You're such a beautiful lady, what a waste
But...
We're a couple!
Oh, but you're correct about that! ♪ We're dating, actually!
That doesn't matter to me!!
Mister!! You know, I don't care if we're both girls.
Ari-saaaa!!
Tell me more!
Is it true that if you're good at pull-ups, you're also good in bed?!

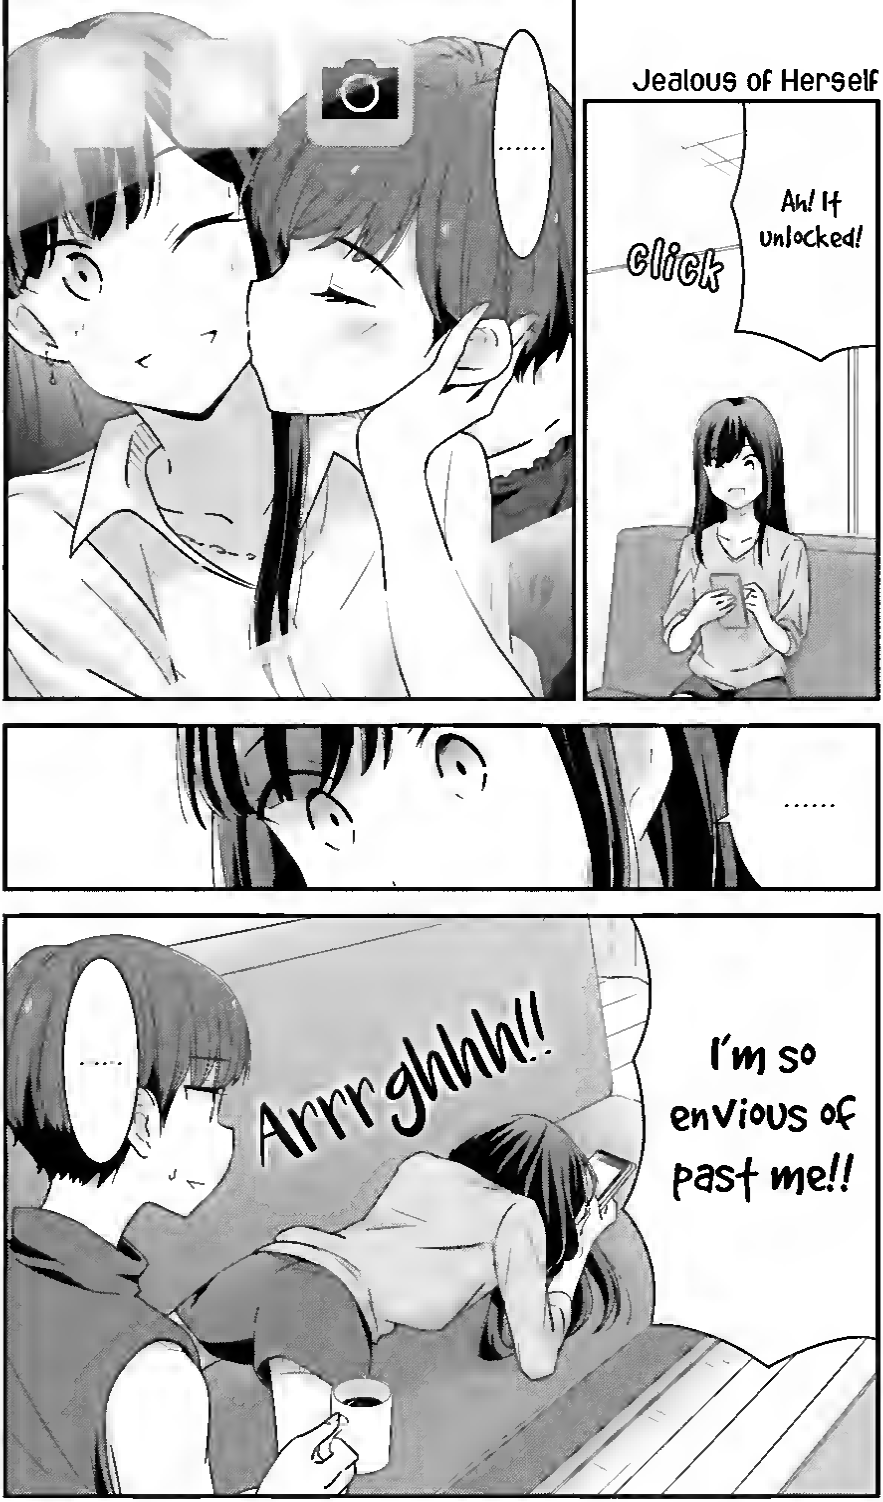
I'm curious! I can't help it! Like, did *you* also do *me*? That kinda thing...
That guy said you must be good at it, too.
But
Over here.
You're too open about everything...
If you ever asked me to do something no matter what it was...
...I did
Even now?!
If you clearly showed me what you wanted, I did it. I still would, even now...

I can't think of anything...!
Please wait a moment! Just a sec!! I'll think of something right away!!
Okay?!
Something I want you to do!
?
Anything at all will do!
C'mon! Anything!
Please do me!
Do what to you?
.....

This month is a double feature! The story continues on the next page!

August 4th ♥
There's three years worth of Mari-san saved on it!
She can't unlock her phone any more because she forgot the passcode
I want to open it Because
0804?
Why those numbers?
It's always been that.
I think it's 0804
August 4th, right?! I totally remember it now!
Right!
It's... my birthday...
明るい記憶喪失
Oku Tamamusi

Her passcode is, of course, her girlfriend's birthday!



.....
Click
Ah! It unlocked!
.....
.....
Arrrghhh!!
I'm so envious of past me!!

I don't think it's something you should be envious of...
I only did that because you wanted to take a photo of it...
Uhm...
If you asked me to do it again now I would...
Kiss me.
My pleasure, mistress.
It feels kind of wrong to order her to kiss me for the first time!!
A kiss should be more like...!
